Special Local Need Label

RESTRICTED USE PESTICIDE

Due to residual effects to avian species and hazard to bees.

For retail sale to and use only by certified applicators or persons under their direct supervision and only for those uses covered by the certified applicator's certification. Direct supervision for this product is defined as the certified applicator being physically present during application, mixing, loading, repair, and cleaning of application equipment. Commercial certified applicators must also ensure that all persons involved in these activities are informed of the precautionary statements.

FOR DISTRIBUTION AND USE ONLY WITHIN THE STATE OF IDAHO

PENNCAP-M® MICROENCAPSULATED INSECTICIDE

FOR CONTROL OF APHIDS AND LYGUS ON LENTILS

USEPA Reg. No. 4581-393

USEPA SLN No. ID- 000012

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product may be applied through certain types of irrigation systems. Consult the Federal label for complete instructions.

LENTILS - For the control of aphids and lygus, apply PENNCAP-M at the rate of 2 pints per acre. Apply by air in a minimum of 5 gallons of water. Start application when insect damage threatens.

Do not apply within 15 days of harvest.

Do not harvest for forage or graze treated area.

THIS PRODUCT IS HIGHLY TOXIC TO BEES exposed to direct treatment or residues on crops or blooming weeds. Do not apply this product or allow it to drift to blooming crops or weeds if bees are visiting the area to be treated.

Protective information may be obtained from your Cooperative Extension Service.

KEEP OUT OF REACH OF CHILDREN

WARNING

MAY BE FATAL IF SWALLOWED. HARMFUL IF ABSORBED THROUGH SKIN OR INHALED.

For First Aid Statement, Precautionary Statements, and Worker Protection Instructions, see label attached to the container.

All applicable directions, restrictions, and precautions on the EPA-registered label are to be followed.

NOTE: This labeling must be in the possession of the user at the time of pesticide application.
